

35th SNUCMAA-NA Scientific Convention CME Seminar Program

Day#1: June 23, Saturday, 2018

7:50 – 10:00 General Session I - Moderator: Myong Ho Nam, M.D. (81)

Greetings: President, Seung S. Hahn, M.D. (76)

8:00-8:25 am Seung-Kyoon Park, M.D. (61): Stress and Health Consequences

8:25-8:50 am Won Jung Kim, M.D. (75): Introductory overview of Child and Adolescent Psychiatry (CAP)

8:50-9:15 am Yon Su Kim, M.D., Ph.D., SNUH: *Renal dysfunction affecting senior population*

9:15-9:40 am Jongil Kim, M.D., Ph.D., SNUH: *Genetics for Korean Cancer patients*

9:40-10:05 am Yong Jin Kwon, M.D., Ph.D., SNUCM: *Healthcare Policy in Korea*

10:05-10:20 am **Coffee Break**

10:20 – 13:00 General Session II - Panel Discussion & Town Hall Meeting

Panel Discussion: *“Liver and Stomach Cancer n Korean-American population”*

Moderator: Johng Rhim, M.D., Ph.D. (57)

10:20-10:30 am Introduction to Healthcare Disparity in Korean-Americans.

Panelists:

10:30-10:45 am Min Kyung Song, Ph.D., NCI, NIH: NIH Funding Opportunities for Research on Minority Health and Health Disparities

10:45-11:05 am Jongin Yang, M.D., Ph.D., SNUH, Kang-Nam Center: *Gastric and Liver Cancer - Current State of Care in Korea*

11:05-11:20 am Richard S. Hann (61), M.D.: Chronic Hepatitis B and liver cancer in Korean Americans: Epidemiologic study

11:20-11:35 am Hie-Won Hann (61), M.D.: Chronic Hepatitis B and liver cancer in Korean Americans: Update in Management

11:35-11:50 am Eun Jeong Lee, Ph.D.: Epidemiology of Stomach Cancer Disparity in Korean Americans

11:50-12:05 pm Chan H Park, M.D., Ph.D. (62): We intellectual leadership together has the obligation to reduce the unacceptably high rate of stomach cancer deaths in Korean Americans.

12:05-1:00 pm Town Hall Meeting (Lunch Meeting) - Moderator: Seung S. Hahn, M.D. (76)

Liver and Stomach Cancer in Korean American

Invited panelists: Chul S. Hyun, M.D., Ph.D., In Hwan Oh, Ph.D., Panelists for “Liver and Stomach Cancer” panel discussion

1:00 – 3:00 pm **CME Session I - Panel Discussion: *Regenerative Medicine***

Moderator: Un Jung Kang, M.D., Ph.D.

Panelists:

1:00-1:25 pm Un Jung Kang, M.D., Ph.D.: “Restoring neural plasticity in Parkinson's disease”

1:25-1:50 pm Kang Sup Yoon, M.D., Ph.D. (81), SNUH: Treatment of Osteoarthritis of the Knee with Intra-articular Injection of Autologous Adipose-derived Stem Cells: A Phase I/II Clinical Trial

1:50-2:15 pm Tae Woong Choi, M.D. (02): Cellular Therapy for High-Risk Multiple Myeloma

2:15-2:30 pm Myong Ho Nam, M.D. (81) – *New FDA guidelines on “Cellular Therapy”*

2:30-2:50 pm Discussion and Q&A

2:50-3:00 pm **Introduction to SNUCMAA-NA Website**

3:00-3:30 pm **Coffee Break**

3:30 – 5:30 pm CME Session II – “Physician Leadership Training”

Margaret Carey, M.D. (Georgetown U) & Penny Potter, Ph.D. (George Mason U).

Title: **Physician Leadership Training: Case-study based Approach**

Day#2: June 24, Sunday, 2018

8:00–10:00 am	GP Podium Presentation I – Moderator: Gwy Suk Seo, MD., Ph.D. (84)
8:00-8:15 am	Min-Jong Kang (1991): Mitochondrial dysfunction and damage associated molecular patterns (DAMPs) in chronic inflammatory diseases
8:15-8:30 am	KyoungBin Im, MD, MS (1999): WHAT SHALL WE TREAT: SYMPTOMS OR DISORDERS? INSOMNIA AS AN EXAMPLE
8:30-8:45 am	Hyun Je Kim, M.D., Ph.D. (2007): ASSESSMENT OF A CELLULAR IMMUNE RESPONSE FROM PERIPHERAL BLOOD OF NON-HUMAN PRIMATE AFTER PORCINE ISLET XENOTRANSPLANTATION
8:45-9:00 am	Jong Chul Park, M.D. (1999): Immunotherapy in skin cancers; moving beyond melanoma
9:00-9:15 am	Young Kwang Chae, MD, MPH, MBA (2002): The Present and Future of Precision Oncology
9:15-9:30 am	Jeong Hyun Yun MD, MPH (2006): Single cell RNA sequencing analysis of <i>Hhip</i> ^{+/-} age associated emphysema model reveals cell type specific changes related to inflammatory pathways
9:30-9:45 am	Tae Kon Kim, M.D., Ph.D. (2001): Defining and understanding adaptive resistance in cancer immunotherapy
9:45 – 10:15	Coffee Break

10:15 – 12:00 Panel Discussions: “Career Choice in the US: Advice from Real-Life Experience”

Moderator: Sun K. Lee, M.D., Ph.D. (89)

10:15-10:35 am Special Lecture: Dr. Min-Kyung Song (NIH) regarding “Tips for NIH rant application for young investigators” from 10:20 AM to 10:40 AM.

Panelists:

1. Academic career
 - a. Trainee: Dr. Eun-Kyung Park (00) (Department of Radiology, University of Iowa, Iowa City, IA)

- b. Clinical career
 - i. Early career: Dr. Young-Kwang Chae (02) (Medical Oncology, Assistant Professor, Northwestern University, Chicago, IL)
 - ii. Mid-Career: Dr. Kye-Young Park (90) (Pulmonology and Critical Care, University of Illinois at Chicago, Chicago, IL)
 - c. Research career: Dr. Min-Jong Kang (91) (Yale University, New Haven, CT)
 - d. Min Kyung Song, Ph.D., NCI, NIH: Helpful tips for securing research grant for young investigators
2. Private practice: Dr. Do-Eun Lee (99) (Endocrinologist, CA)
 3. Non-medical practice
 - a. Biomedical Career: Dr. Hyun-Suk Kang (00)
 - b. Non-biomedical career: Dr. Kyung-Min Song (09)

12:00 – 1:30 pm Panel Discussion (Lunch Meeting): “Women in Medicine”

Moderator: Mooyeon Oh-Park, M.D. (89)

12:00-12:10 pm Welcome Remarks - moderator

Panelists:

12:10-12:30 pm Kyung Min (Minnie) Song, MD MPH MBA (09): Overview of workplace diversity

12:30-12:50 pm Gwy Suk Seo, MD, Ph.D. (84): Physician well-being: Evidence based approach

12:50-1:10 pm Mooyeon Oh-Park, MD (89): Graceful self-promotion

1:10-1:30 pm Panel Discussion & Suggesting Launching of Women Taskforce

1:30 – 2:30 pm GP Podium Presentation II – Moderator: Se Kwon Jang, M.D. (01)

1:30-1:45 pm Jae Hyun Shin (2005): Fecal transplant from young host to aged host improves mortality and enhances innate immune response with *Clostridium difficile* infection in a mouse model

1:45-2:00 pm Do-Eun Lee (99): Update on Thyroid Disorders

2:00-2:15 pm Jongoh Kim (2004): Advances in Diabetes Treatment

2:15-2:30 pm Jake Lee (08): CLONAL EVOLUTION AND HISTOLOGIC TRANSFORMATION OF LUNG ADENOCARCINOMAS INTO SMALL CELL CARCINOMAS DURING TARGETED TREATMENT

2:30-2:35 pm Adjourn
